Marlies Schijven appointed as board member ZonMw

1 April 2022

Marlies Schijven has been appointed as board member of ZonMw with effect from 1 April 2022. She has been appointed for a period of three years by the Minister of Health, Welfare and Sport (Ernst Kuipers) and by Marcel Levi on behalf of the Executive Board of the Dutch Research Council (NWO).

ZonMw is very pleased to welcome Marlies Schijven to the board. She will fill a vacancy in the board for the profile “Renowned (clinical) scientific researcher who is active outside of their own discipline and is a leading light with expertise in setting knowledge and research agendas across the spectrum of healthcare”. With her experience as a surgeon and a professor, but also thanks to her administrative experience as a regulator in healthcare and her previous activities as Chief Medical Information Officer for the Ministry of Health, Welfare and Sport, Marlies Schijven fits the formulated profile very well and is a great addition to the board.
